

July 15, 1975 Tues.

Dear Vickie and Jim,

Jeannie and Carmen and Stevie came over yesterday and Carmen feels fine and still looks quite pitiful as her face is black and blue and under her nose is still swollen but compared to what it was she is coming along miraculously. She can open both eyes now and the stitches don't even show. I think she is going to heal up so good that she probably won't need plastic surgery.

We had a letter from Nellie Saturday and she said the attorney has made so many mistakes and she was really upset. She sent a form for dad to sign as the lawyer had misplaced the one he already had. He expects to wind it up right away now and said he would adjust his fee due to the slow progress he has made. Nellie will be leaving for Sweden the 3rd of August for one month. I know the cousins will show her a wonderful time.

Mary has decided not to take the golf lessons. I think that is too bad but she said since Mike is so busy he wouldn't be able to go out with her. However she would meet others in her class who would like to play but anyway that's the way it is.

We had the baby from Saturday until Monday and one morning we took her to the pancake house for breakfast and she was real good because there were so many people coming in and out and more activity so she just loved staying in her highchair watching every one.

It is raining this morning, just lightly, so I am going out in the yard

and do some weed pulling, especially in the badminton court.

I am going to write a couple more letters and then go shopping. I have a free day as this is the day Mary originally planned to take her golf lesson.

Love,

Mom.
